

I am absolutely opposed to any weakening of the "Do Not Call" law for New Jersey or anywhere else. It is the absolute right of an individual whether or not he or she chooses to receive calls from telemarketers of any form in fact I believe the right should extend to charities and political contacts as well. No one in my state government who votes against this law or to weaken it in any way will ever get my vote or my families. I am a life long resident of New Jersey and I am sick and tired of having my individual rights nibbled away by self serving political agendas.

Sincerely,

George M. Link
